Product Portfolio

Symrise develops, produces and sells fragrance, flavoring and food ingredients, cosmetic active ingredients and raw materials as well as functional ingredients and solutions that enhance the sensory properties and nutrition of various products. Our company's approximately 35,000 products are mainly produced on the basis of natural raw materials like vanilla, citrus fruits, onions, fish, meat, blossoms and plant materials. Our flavors, substances, perfume oils and sensory solutions are often central functional components for our customers' end products. These customers include manufacturers of perfumes, cosmetics and foods, the pharmaceutical industry and producers of nutritional supplements, pet food and baby food.

The Taste, Nutrition & Health segment uses its combined expertise as well as scientific research to offer customers and partners unique, natural ingredient-based and sustainable solutions in the areas of taste, nutrition and health. Symrise offers responsibly sourced ingredients treated with gentle proprietary processes utilizing IP and differentiated technologies to create flavorful, nutritious and healthy products. With more than 100 sites in over 40 countries, the segment serves the markets of the food and beverage industry as well as manufacturers of pet food and fish food. The segment is divided into the two core Food & Beverage and Pet Food divisions as well as the two smaller Aqua Feed and Probi units.

The Scent & Care segment has sites in more than 30 countries and markets more than 16,000 products in 128 countries. Scent & Care is divided into three global divisions: Fragrance, Cosmetic Ingredients and Aroma Molecules. Their products are used in various areas.
